**MEMORANDUM FOR:** Director of Personnel  
**ATTENTION** : Chief, Special Recruitment Branch  
**SUBJECT** : Request for Transmittal of  
Unclassified Documents  
**REFERENCE** : Memo to D/Pers from AD/RR dated  
29 July 1958, Same Subject

1. You will recall that your field recruiters last September distributed two unclassified ORR Economic Intelligence reports to our recruiting lead-sources in a number of universities. The reaction to these publications, we understood, was most favorable. The effort appears to have been successful in stimulating interest in our program and in giving these men an increased appreciation of the importance and professional quality of our work.

2. We now have three additional unclassified publications which seem to us to embody the quality and topical interest which make them suitable for similar such dissemination. It would be appreciated if your field recruiters, at their convenience, would distribute them to the persons indicated on the attached list. Should the recruiters consider that additional distribution to a few other selected scholars in the academic community would be desirable, we would, of course, be happy to have their suggestions.

3. The three reports attached, it will be noted, are marked "Official Use Only." In this connection it would be desirable to explain to the recipients that while we want them to have these reports for their personal use, they may not be cited in non-US government publications nor may they be reproduced for further dissemination outside government channels.

Unclassified Documents**

4. Note that a few of the names on the list are marked with an asterisk. It is our understanding that the State Department has already made available to these persons copies of "The Political and Economic Effects of the 1957 Soviet Industrial Reorganization."
